Welcome to the re-designed COMET Classroom site! Please note that only invited to enroll in a course, access is restricted. This website is used for virtual and residential courses. Course dates are listed on the right side of the page, and can be found by clicking on blue ‘i’ next to the course title.

Materials from a previous COMET course you attended, can now be found on the "ComET Classroom Archives" page. The web address is http://www.comet.ucar.edu/classroom/archives. A link can be found on the left hand side of the page.

A brief summary on how to use this new site can be found below, additional details will be sent once you have been invited to participate in a course. Please send an e-mail to class_admin@comet.ucar.edu if you have any questions!
